

25/26 MD4 Service #Hashtag Bank and Social Service Group Links

Create a Unified Presence for
California Lions Service!

Hashtags are a powerful way to connect our service stories, amplify visibility, and showcase the incredible impact Lions are making across California. By using the same set of hashtags, we create consistency, strengthen our brand identity, and make it easier for the public to discover and engage with our service projects online.

📱 To support this effort, a *Hashtag Bank* has been created for you. It contains recommended hashtags for each service area and campaign, helping clubs and members stay aligned and unified in messaging.

You can view and download the hashtag bank anytime at:

🔗 marketing.calionsclubs.org → *Service Resource Page*

Together, let's make California Lions service shine louder and reach farther than ever before! 🗣️ ✨

Menu

Service Cause Social Groups (Alphabetically) with group link and hashtag bank

Blue = Project Care **Green** = Global Cause or LCI Initiative
